Subject: **Records Of Truthfinder - Step Reach To Realities**

Dear Doctor Jonathan Harry Mermin,

Please do not question my resolve of these matters. There is absolutely nothing illegal by the web presence that is presented in this fax. As what is reflecting here represents a historical record of attempts to communicate with you regarding this highly imperative matter that needs to be addressed.

If you fail to make the necessary return application of this attempted correspondence, I have no other option but to reach any possible contacts to include Relatives and return "friends/associates" lists that are returned in a Truthfinder background check report.

These matters do desire to have attention and without that attention being honored sir, you leave me no other choice but to reach out to these matters & describe for those 3rd parties the involvement of contention that we are under.

Do you want that to happen? If not, please consider your options here to leave the web marked up in this manner, your truth finder background check report is located in that directory and that this directory's contents will eventually get web surface indexed for search result matching.

So far Google has not yet scanned the directory. I could create a priority instruction if that is what it will take to get your immediate honest interface here discuss these matters which I know you are highly reluctant to undertake. But it is a mandatory state of affairs if we are actually going to make a dent in observed wrong direction a memplex has taken hold of this society to create an erosion of trust so badly it is creating murder and mass gun shootings its wake. I make nothing up here.

Your NPI Record has been commented with the conversational toolkit affixed to your data record called Discuss!

HOW MANY MORE SHALL BE INDIVIDUALLY NAMED THIS WAY BECAUSE OF THIS HATE
PARADIGM YOU HAVE INSTILLED AGAINST THE HIV/AIDS COMMUNITY [And Our Greater Society As
A Whole?] --- Who is kidding Who? I know the truth.

It is time for us to change the direction of priorities before too many more people fall victim to fear and
retaliatory reports found on Glassdoor encapsulated and surrounding the social services agencies.

TIME FOR SOMETHING NEW!

Do you finally have your listening ears on or am I still going to die under your hate regime of dysfunctional orders that causes a huge smashed up grab em up lie to the erosion of trust which then leads to mass gun shootings?

How can you not see the damage that has been done?

You are doctors after all. You should know better when the time is best to let go of the reigns of hate and start something different ---- start to actually CAUSE and CONCERN to RELATE.

Thank you for reading....

If you care, I care to dare the system's elite!
If you don't care, well then you don't care to save the country from it's target trajectory of full and complete collapse. If that is your intention, then by design, you are an enemy of the state of country sustainable order...

What does that make you then? An enemy of peace.

Please call me as soon as possible when you have a real honest assessment of where this leads if you ignore me to a fault --- that cannot be held to th fault any longer.

Thank you

We are free to discuss this privately, in person, if you would like to visit me at my home. [no recordings] My intention is to bring a termination to the embedded hate paradigm and mending the needed memplex to stop the hate embedded in the HIV AIDS Communities, save lives, and to mend the grea society by rebuilding trust. Not to get anyone into any legal matters criminal or otherwise. But we must come to an understanding, it is not possible to b this one under the carpet.
